Simple Functional Workplace

In a pleasant environment, comfortable, user-friendly and functional furniture is a must. Our new product, the JUN desk fits right into any office space. It's equipped with a wire tray with a flip-up cover and is 'Just Right' for people in your office.

Various workstyle at office

The JUN desk has a simple structure that has been well designed and is easy to assemble. It can comfortably become an expansion of your work force as additional people can be seated at connected unit.

Free space for everyone

Perfect for quick tasks, such as pre-meeting briefings.

Semi-open work space

At a JUN desk you can focus on work, while still effectively communicating with your colleague.

Open management desk

L-shape desk gives you more work space and discussion space.

For meeting space

The in-built wire management system makes connecting devices easy.

Specification

Wire management

The high capacity wire tray is neatly concealed by the centre leg.

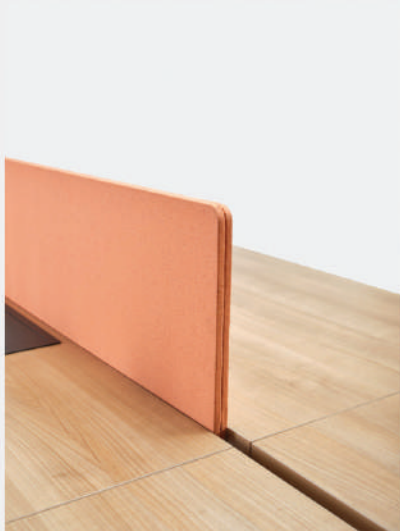

Space under the desk

The desk offers plenty of leg room, specifically, measured at D600 or D700mm.

Flip-up cover

A slim flip-up cover provides easy access to charging points.

Seamless Panel

The seamless design panel provides privacy as well as a place to pin up notes.
